

Wednesday, April 9, 2025 1:00 P.M.

# I. Welcome and Opening Remarks

### **General Meeting Logistics**

- This meeting is being broadcast online and is being recorded.
- The recording and associated meeting materials will be posted on the Council's webpage. Comments in the chat will not be recorded.
- For Council members online, please use the hand raise feature to speak.
- Except for public comment periods, only Council members online will be able to unmute themselves and turn on their camera.
- If public comments are taken, each speaker's time will be limited to provide everyone who wishes to comment the opportunity to do so.
- To comment, fill out a speaking slip or the Google Form (if you are online).

# II. Presentation from National Fire Protection Association- FireWise

# III. Presentation from Federal Alliance for Safe Homes (FLASH)

# IV. Presentation from Department of Forestry and Fire Management

## AZ DFFM Presentation to the AZ Resiliency and Mitigation Council April 9, 2025

Thomas Torres, Director/State Forester John Richardson, Asst. Director Forestry Michael Hale, State Dispatch Center Manager

# Agenda

- ☐ Fire Outlook & 5 Yr. History
  - ☐ Tom Torres, State Forester

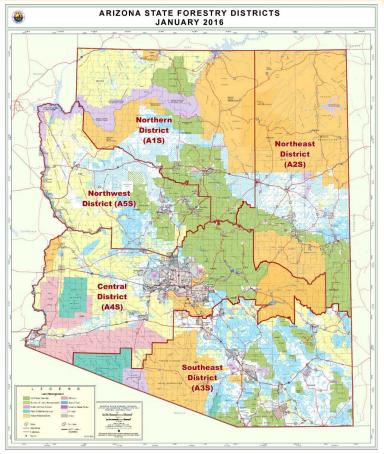

- □ Wildfire Mitigation Program
  - ☐ John Richardson, Asst. Director Forestry

- □ Wildfire Response
  - Michael Hale, Fire Dispatch Center Manager

#### **Organization Overview**

FIRE Asst. Director (State Fire Mgmt. Officer): John Truett

Dep. State Fire Management Officer: Todd Abel

Asst. State Fire Management Officer: Russ Shumate

Asst. State Fire Management Officer: PJ Lingley

FORESTRY Assistant Director Forestry: John Richardson

Deputy Assistant Director Forestry: Cori Dolan

A1S (Flagstaff)

Division Fire Chief: Rick Miller

District Forester: Johnathan Pelak

A2S (Lakeside)

Division Fire Chief: Lehi Vizcaino

District Forester: Jon Orona

A4S (Apache Junction)

Division Fire Chief: **Bob Arthur** 

District Forester: Franklin Hines

A5S (Chino Valley)

Division Fire Chief: Darrell Willis

District Forester: Rich VanDemark

A3S (Tucson) Dispatch Center Manager: Michael Hale

Division Fire Chief: Lathe Evans
District Forester: Jessie Warner

#### 2025 Wildland Fire Outlook and Seasonal Factors

#### March

#### **April**

#### May

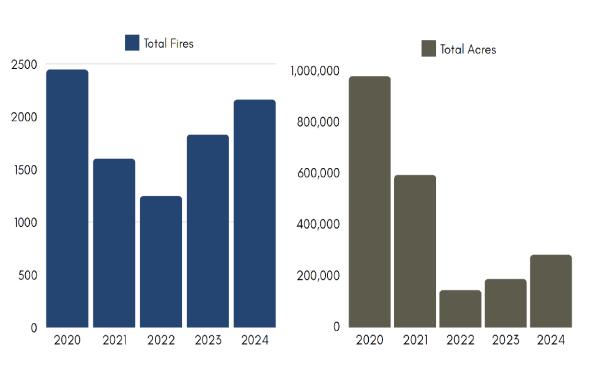

- Drought conditions persist with impacts to fine fuel vegetation; grasses and brush; more significant drought conditions throughout western Arizona
- Above normal temperatures (Feb-April) nearly statewide

- Windy conditions which could induce critical fire burn behavior
- Above normal fuel yields along and south of Mogollon
- Impacts to southern Arizona, including far SE Arizona & Sonoran Desert landscapes

#### Statewide Fire Activity: 2020 - 2024

#### Total Fires vs. Acres Burned

#### **5 Yr. Averages**

1,860 fires/yr. 442,000 acre/yr. \$12.9 mil./yr (State)

#### **2024**

2,160 fires 282,000 acres

#### Wildland Urban Interface (WUI) - Risk

Housing Units in WUI* Area by AZ County								
COUNTY	1990	2000	2010	2020	% change 1990 - 2020			
<b>Apache County</b>	16,570	19,892	20,906	18,779	13%			
Cochise County	36,243	46,268	53,654	53,834	49%			
Coconino County	37,516	47,868	57,817	64,156	71%

Diamond Fire – 2023

Rob Schumacher, The Republic

\* WUI is the area where structures and other human developments meet or intermingle with wildland vegetation.

#### <u>1990 – 2020 WUI Change:</u>

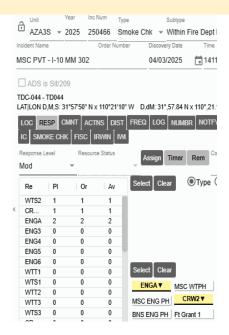

- Pinal County: 223% increase
- Statewide: 124% increase

#### Wildfire Response

RESPONSE LEVELS							
District	Zone 1	Zone 1 Zone 2		Zone 4			
A1S	LOW	LOW	LOW				
A2S	LOW	LOW	LOW	LOW			
A3S	MOD	MOD	MOD	MOD			
A4S	LOW	LOW	LOW				
A5S	LOW	LOW	LOW	LOW			

#### Response Models

Low - 1 engine

Moderate - 2 engines OR 1 engine and 1 crew, 1 water tender, 1 ICT3/ICT4

**High** - 3 engines, 1 water tender, 1 ICT3/ICT4, 1 air attack or 1 helicopter, 1 hand crew

#### Wildfire Response

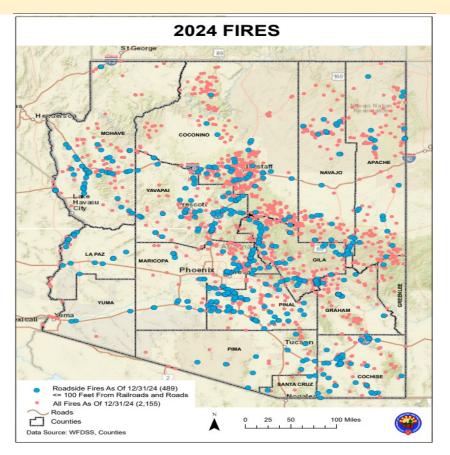

- 1,700 pieces of equipment (engines, water tenders)
- 3,200 overhead personnel
- 12 crews
- 124 active agreements with local fire departments
- Joined Great Plains Interstate Fire Compact (Arizona, Colorado, Kansas, Nebraska, New

#### Wildfire Response

#### 2024 Statistics

- 568 fires on DFFM jurisdiction
- 1,030 structures were destroyed
- Processed 952 smoke reports
- Filled over 4,000 resource requests (in/out of state)
- 190,000 gallons of retardant used
- Flew aircraft on 52 fires (50% assists to federal partners)

#### Human caused fires by dispatch zone

Center	AZADC	AZFDC	AZPDC	AZPHC	AZSDC	AZTDC	AZWDC
Fires	187	316	175	475	96	40	38
Acres	22,553	957	4,585	65,704	2,231	221	35

**Pinal County** 

• 87 fires - 51,340 acres - 81 were human caused

Purpose: Identify and remove hazardous vegetation from state, federal, tribal, and private lands.

- Fire Prevention
- Critical Infrastructure Protection
- Forest and Watershed Restoration

All lands in Arizona with a focus in high-prio WUI state and private unincorporated lands.

Work is accomplished by utilizing

- 1. Contractors
- 2. Internal DFFM crews (20)
- 3. Grants

Types of Treatment: Mechanical (Logging, mastication), Hand, Chemical, and Prescribed burning (pile and broadcast)

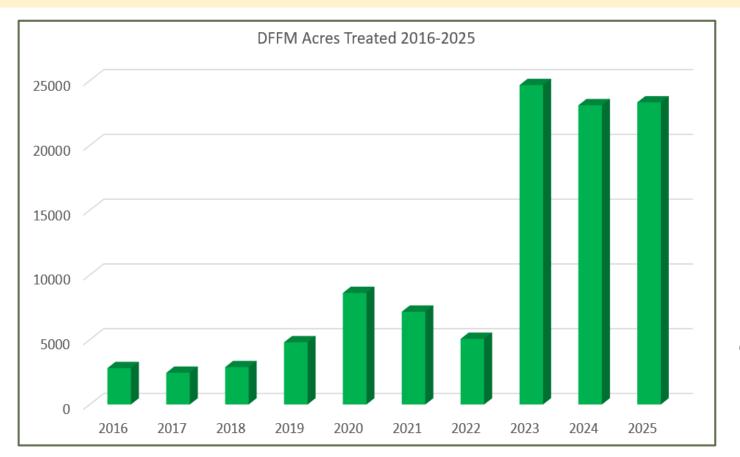

Pre-2021 (Telegraph Fire), limited state funding was available to DFFM for wildfire mitigation.

Pre-2021, approximately 4,000 acres treated per year.

Post-2021, and with new legislatively appropriated funding for wildfire mitigation, acres increased significantly.

# **30,000** acres in SFY25

increasing to

40,000 acres in SFY26

23,975

# TOTAL ACRES

DFFM treated a total of 23,975 acres in SFY24. 32% of those acres were accomplished in our southern district, much of which was prescribed burning.

15,931

## NON-STATE LAND ACRES

Of the total acres treated, 15,931 acres were non-state land projects (federal, private, municipal, county, tribal, and others). 5,958 acres were treated by DFFM on USFS land, via Good Neighbor Authority.

# 13 COUNTIES THAT RECEIVED TREATMENT

DFFM conducted wildfire mitigation in all but 2 counties. 51% of work was conducted in Yavapai, Pima, and Coconino Counties.

# 104 GRANT AWARDS ADMINISTERED

DFFM grants staff administered 104 grant awards for a total of 6,403 acres treated. \$7,290,640 in grants for 7,086 acres were also awarded, with work occurring over the next 3 years.

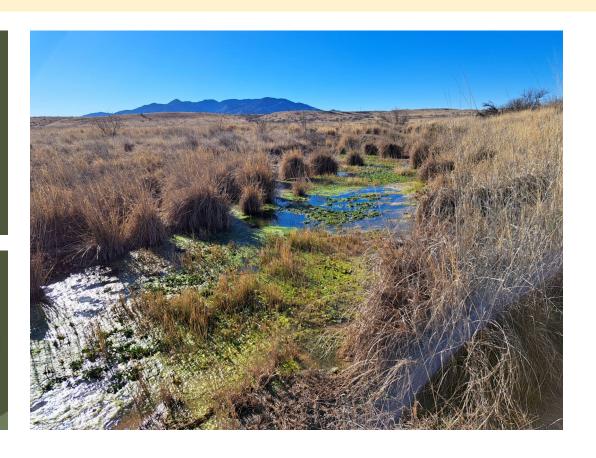

46% PRIVATE CONTRACTORS

Private contractors completed 46% of all work conducted, most of which was mechanical treatment. Mechanical includes the use of heavy equipment for harvesting and masticating.

DIFFERENT VEGETATION TYPES

DFFM implemented projects in 8 different vegetation types. Ponderosa Pine and Pinyon-Juniper woodlands represented 56% of treatment.

Master Good Neighbor Authority (GNA) agreement was signed with the USFS in October 2021.

MOU's established with national forests to treat more than 100,000 acres over the next 10 years.

In 2024 for GNA:

5,958 acres treated

15,086 pre-sale acres marked

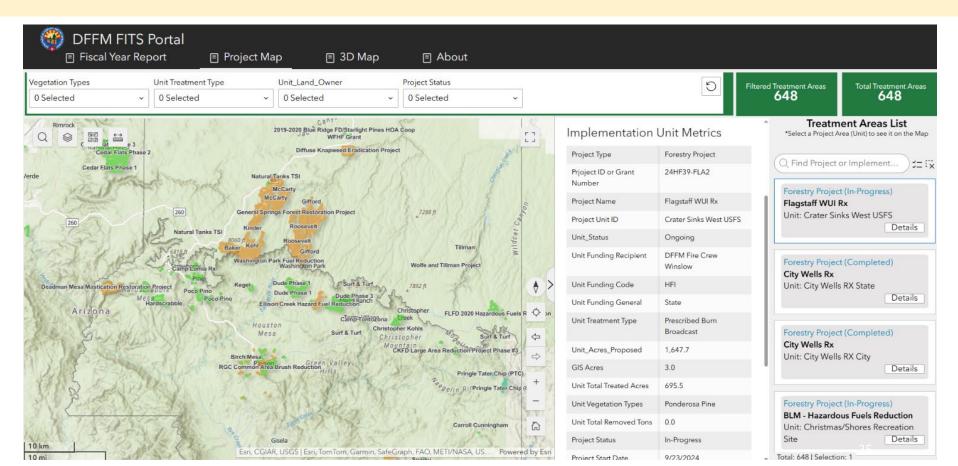

Annually accept applications for our Healthy Forest Initiative Grant Program with funding requests of \$60,000 to \$500,000.

Priority given to projects that target high risk areas, have a clear sustainability plan, and that support Arizona's vegetation management and/or wood product industries.

# V. Council Remarks & Discussion

# VI. Public Comments

## **Public Comment Logistics**

- If you have not done so, please fill out a speaking slip or the Google Form (if you are online) to comment.
- Online comments will be taken after in-person comments.
- Online attendees will be able to unmute themselves and turn on their camera.
- When providing comments, please first identify yourself and who you are representing, if applicable.
- The Council will not be answering any questions during the public comment period but may request that any matters presented be reviewed by Council staff or placed on an upcoming agenda.

# VII. Closing Remarks and Next Meeting Logistics

## **Next Meeting Logistics**

- The Council will normally meet monthly on the second Wednesday of each month at 1:00 P.M., unless otherwise noted in the agenda. The following scheduled meetings will not be held on the second Wednesday of the month:
  - Thursday, May 15, 2025 (next meeting)
  - Tuesday, July 8, 2025
- The next Council meeting is scheduled for May 15th at 1:00 P.M. (note date change)
- We will continue the discussion around on the ground risk and mitigation efforts.
